

# Native Plants

the Good, the Bad, the Ugly

Native plants on shores of Ka'ena Point

The native plant trend is gaining more steam and popularity every day through LEED, media, and various other sources. As landscape architects it is our responsibility to not only learn what plants are native to Hawaii, but also how to choose the best native plants for a site or...when to tell clients that native plants may not be the best option (*gasp!*)

We invite you to join us on **Saturday, April 9th**, for a full morning of *education and discussion* with Native Hawaiian plant expert **Rick Barboza** of Hui Kū Maoli Ola. Rick has graciously volunteered to tour us through two native plant installations that he has been involved with at **Bishop Museum** and **Kamehameha Schools Kapalama Campus**. We will then finish with a tour and lunch at the Hui Kū Maoli Ola nursery.

## Schedule:

8:45 - 9:00	Meet and park at Bishop Museum
9:00 - 9:30	Tour native garden at Bishop Museum
9:30 - 10:00	Bus/Van ride to Kam. School
10:00 - 10:30	Tour site(s) at Kam. School
10:30 - 12:00	Drive to Hui Kū Maoli Ola and tour facilities
12:00 - 1:00	Lunch at Hui Kū Maoli Ola
1:00 - 1:30	Bus/Van ride back to cars at Bishop Museum

**Register:** [www.hawaiiaslanativeplantday.eventbrite.com/](http://www.hawaiiaslanativeplantday.eventbrite.com/)

**Cost:** \$10 (to help cover transportation and lunch)

**\*\*MUST REGISTER/RSVP BY APRIL 1st - Need a list for security, and also need to reserve transportation based on number of attendees\*\***
