

JOB POSTING

SENIOR LANDSCAPE ARCHITECT

Bowers + Kubota Consulting is a full-service construction and project management firm with A-E design services. We work with leading organizations, often in highly structured and regulated operations, to tackle their most difficult and unique management challenges.

Listed as a National and Local Best Place to Work, Bowers + Kubota Consulting is seeking a passionate and motivated **Senior Landscape Architect** to join our team. This person will be working within a team of landscape architects/designers on various project types including recreation/parks, housing, retail commercial/mixed use, destination resort communities, cultural/historic projects, light industrial, and other land use/activities. Applicant should be familiar with green infrastructure practices and have ability to collaborate with civil engineers on sitework.

JOB QUALIFICATIONS:

- Must have Bachelors or Master's Degree in Landscape Architecture.
- Must have a minimum 5 – 8 years of experience in landscape architecture.
- Licensed Professional Landscape Architect is preferred.
- Must have strong organizational, written/graphic/speaking skills.
- Must have experience with interdisciplinary teams and creative problem-solving.
- Must possess strong skills: i.e., project management, preparation of technical drawings, construction knowledge.
- Must be proficient with: AutoCAD, SketchUp, Photoshop, InDesign.
- Must be proficient handling multiple tasks, projects, and schedules.
- Need ability to respond quickly to rush projects, multiple deadlines, or emergencies.
- Preferred proficiency with: Lumion, Illustrator, freehand sketching/rendering.
- Need valid Driver's License.
- Need positive service-oriented attitude.

ESSENTIAL JOB FUNCTIONS:

- Define document requirements, schedule, and establish production requirements.
- Mentor, empower, and develop the skills of junior landscape design staff.
- Manage and track project performance.
- Prepare master plan reports, construction documents, and construction administration for landscape architecture projects.
- Develop business and client relationships.
- Participate at client and agency meetings.
- Attend community events as needed to represent the firm for business development.
- Interface with governmental agencies, joint venture partners, and other organizations.
- May assist in developing strategic plans for professional practice in the landscape architecture department.

- Must have sound knowledge of industry best practices and a demonstrated commitment to excellence in customer service.
- Must be efficient working on multiple projects simultaneously to meet project deadlines and client needs.
- Assist with management of project budgets and schedules.
- Perform other duties as assigned.
