- Producing presentation graphics and presentations, including 3D modeling and Photoshop renderings
- Assisting in the preparation of schematic drawings and construction drawings/documents
- Attending and participating in meetings
- Work with project managers on collaborative teams

The ideal candidate has:

- Passion for design with creative problem-solving skills
- Attention to detail and organization with strong critical thinking and analysis skills
- Strong written and verbal communication skills
- Effective time management skills
- Ability to take initiative and is self-motivated
- Ability to take direction and is eager to learn
- Open-minded with a positive attitude
- Sense of accountability
- Experience from a previous internship
- Technical understanding of landscape architecture site development elements
- Proficiency in:
 - AutoCAD 2014+
 - Adobe Creative Suite (InDesign, Photoshop, Illustrator)
 - Microsoft Office
 - 3D modeling (SketchUp or Rhino)
 - Google Earth Pro
- Additional experience with the following is desirable:
 - Hand sketching
 - Land F/X
 - Lumion
 - Revit
 - ArcMap/ArcGIS
 - Bluebeam Revu
